11	There is someone to turn to if I am worried or upset about something.	98%	85%	78%	89%	93%	79%	2%	12%	15%	9%	4%	20%
12	This year I have attended a school club.	68%	41%	60%	67%	61%	50%	8%	25%	22%	7%	16%	9%

### Things I enjoy most about Oak Meadow:

Year 1: Everything! Golden Time. 'Fred' Time. I like coming to school and learning new things. All my work and working with teachers. Learning with my friends.

Year 2: Lessons and teachers. Playtimes and lunchtimes. My favourite thing is the pond and teachers. The trim trail, woods, fields, playground and willow sculptures. I like the assemblies. I enjoy everything.

Year 3: The things I like about Oak Meadow are class assemblies, themed assemblies, clubs and maths. I like the interactive whiteboard and computing lessons. I love golden time. I enjoyed World Book Day.

Year 4: Everything! I love learning new things in lessons. The teachers explain work to you. I enjoy Oak Meadow because of all the clubs and because the teachers are nice. I like the fact that we get to choose where we start in maths lessons. I enjoy the range of topics in our English lessons, e.g. Charlie and the Chocolate factory. There is a teaching assistant to help me. Oak Meadow is caring and teachers respect us.

Year 5: I like how teachers always help us with everything. I love all the trips, opportunities and everything we are lucky to have. We get to do lots of fun things so it's not boring. The thing I like the most about this school is walking into a modern school and feeling welcome. Teachers always say hello to me when I walk through the door.

Year 6: All my lessons are educational and fun as we have different topics which make us more knowledgeable. I like the break times as this gives us time to refresh our minds. I enjoy going to school because I know I will have a great day and we will have great lessons. The staff are nice. Pretty much everything! I enjoy the lessons because teachers make them fun.

### Things I would like to change at Oak Meadow:

Year 1: More time for writing. To swap teachers more.

Year 2: I would not change anything. More opportunities to wear our own clothes.

Year 3: I would not change anything because everything is super at Oak Meadow and also not the teachers because they are great. I would like a vegetable patch and a special football area. I think this school is perfect - I like it just the way it is. I would like to see more clubs. I would like to change the winter uniform. A visit to London would be good.

Year 4: A greater range of equipment on the playground. A quiet area if we are feeling angry. More club activities. I think the dinner menu should be changed. I think we should have 'All Most Some' in our English lessons.

Year 5: Overall there is nothing to change... Oak Meadow is good as it is. More competition with other schools. More water fountains. I would like more rules for the playground. I love it all!

Year 6: I would like the lunchtime shortened and longer golden time. I would like to have a schedule on the wall each week

which tells us what we will be learning. I think we should have more equipment on the infant playground. A wider choice of school meals. I would like to change credits into team points.
