

Oak Meadow Primary School

From tiny acorns mighty oaks grow

Maths

Thursday, 21st November

Welcome to Oak Meadow's Maths Morning

Welcome to Oak Meadow's Maths
Morning

First, who has been on Times
Tables Rock Stars? How many
coins have you earned? Who
is our school's top scorer?

Numbers are fun

What is your favourite number?

- Can you explain what your favourite number is and why you chose that number?

The world's favourite number is
7.

What is your least favourite
number?

The least favourite number is
110

What is the smallest number?

The smallest number is zero

What is the largest number?

The largest number (with a name) is ...

Googplex.

(It's a 1 followed by one hundred zeros.)

Numbers are all around us

Imagine life without numbers

- If numbers didn't exist, what couldn't we do?

So, do you think maths is hard?

smart
is something you
become,
not something you
are.

A time for prayer

Parent “stuff”

- Our school uses a concrete, pictorial, abstract approach.
- We challenge the children with fluency, reasoning and problem solving

Parent “stuff”

- Please enjoy the maths challenges with your children.
- Don't feel as though you can't get involved.

Parent “stuff”

- Our maths morning will finish at 11:00, just before break time for the children. A bell will ring to signify the end of the parent visits for maths.
