DIGITAL DIVIDE PUPIL SURVEY

Dear Parents and Carers,

I have received the following information from Wolverhampton City Council to forward to you and to seek your support for the completion of the following questionnaire. The questionnaire seeks such information as your child's school name, their year group, if you have access to the internet and the number of devices you have within your home to support your child's learning. If you could take a couple of minutes to complete the questionnaire, it will support the City Council's gathering of information; an analysis of returns will be shared with us. Thank you.

City of Wolverhampton Council want to understand more about access to devices and the internet that children have at home, to help them do their school work.

City of Wolverhampton Council are asking pupils, with the permission of their parents or carers, to complete this questionnaire:

https://forms.office.com/Pages/ResponsePage.aspx?id=w8brB3Rwh0OmJbnZGLpKI3ek7KCnQYxE mCqsMCp_GytURVRDWFE4MjM2WTRQQ1pHTk9EU0dMRfpEWi4u

By completing the questionnaire you are agreeing that you child's answers to the questionnaire can be used by

- *City of Wolverhampton Council*
- *Your child's school*

to help us to understand the challenges children face in accessing devices and the internet and support schools in helping children to learn.

Please do not allow your child to fill in the questionnaire if you do not want your child's answers to be shared with City of Wolverhampton Council and their school.

If your child cannot complete the questionnaire at home but you want them to fill it in, let their school know and they will be able to complete it at school. You will have to provide written permission for your child to complete the questionnaire at school.

Thank you for your support.

Yours sincerely,
Mr Arnold.

From tiny acorns mighty oaks grow...
